**Lesson**

Angie brought the lesson about "What's your Excuse". Overcome your reluctance to speak up. Excuses are simply an explanation of why you can't (or don't want to) do something. The Bible is full of examples of people who offered a wide array of excuses to avoid doing, going, or obeying what God instructed them to do. Overcome your reluctance, confess your hesitation or your fear, ask God to empower you, and become the spokesperson God designed you to be. Remember He's in control, and He can speak through you. Step out in bold confidence, and watch what He can do.

Sharla presented minutes from the May meeting and (2) corrections was made. Lisa Crenshaw will remain the NBA WMU Leadership Team President. No one was interested in the position, so God told her to stay still and serve. Annie Armstrong raised 2803.50.

Debbie Shaw presented the treasure report. After tonight's offering the total is \$1183.41.
